## Constructors

TOTAL SOLUTIONS

On-Site Construction • API Welded Steel Tanks  
ASME Pressure Vessels • Repairs & Modifications  
Engineering and Design • Shop Fabrication

# Who is RECO Constructors?

RECO is a premier, experienced, fully-integrated, engineering, fabrication and construction company specializing in tanks and vessels for the energy, pulp and paper, petroleum, chemical, water and wastewater industries. Incorporated as RECO Constructors in 1964, for over a half century our success is built on quality, safety, and our ability to answer the challenging schedule requirements involved in serving our customers' needs. RECO's motto is "We Build Quality Safely"; these values are shared by all of our employees and instilled in the management of every project we perform.

## The RECO difference:

- Integrated solutions for all your construction and repair projects.
- Self performance of the entire project including engineering, design, material procurement, shop fabrication, field construction and total project management.
- The ability to meet challenging schedule commitments including outages, shutdowns and all other critical schedules on both long-term and short-term projects.
- Extensive experience with and in-depth knowledge of all codes, standards and industry practices enables effective collaboration from initial concept through final completion and acceptance.

## Energy

Demineralized Water Storage  
Condensate Tanks  
Service / Raw Water Tanks  
Fire Water Tanks  
Fuel Storage  
Neutralization Tanks  
Silos / Stacks

# Pulp & Paper

- Bleach Towers
- High Density Towers
- Liquor Tanks
- Clarifiers
- Filtrate Tanks
- Causticizers
- Blow Tanks
- Lime Silos

# Petroleum & Chemical

- Chemical Storage Tanks
- Fuel Storage Tanks
- Pressure Vessels
- Equalization Tanks
- Clarifiers / Thickeners / Reactors
- Dry Product Bins and Silos

# Water & Wastewater

Potable Water Tanks & Standpipes  
Clearwells  
Fire Water Tanks  
Clarifiers / Thickeners  
Equalization Tanks  
Digesters  
Deaerators

# Engineers & Constructors

RECO partners with many different engineering and construction companies in all industries served

**FLUOR**

**JACOBS**

**KBR**

 **WorleyParsons**

# Codes

API 620, API 650, API 653  
ASME Section VIII, Div. 1  
AWWA D100, NFPA, & many others

# Materials

Carbon Steel  
Stainless Steel  
Duplex Stainless  
Special Alloys  
Aluminum
